

Mark Green:

Of:

Eco Green Plumbing and Heating Services.:

I have known Mark for about 5 years. During this time Mark has carried out a variety of Plumbing jobs at my home and the home of my mother.

The latest work he has carried out is to install Full Central Heating at my home and that of my mother.

Both heating installations were checked by British Gas Engineers in respect of Servicing contracts. On both occasions the engineers remarked on the high standard of the installation work, which not only is it a credit to Mark but also reassuring to us.

We have always been satisfied with the work Mark has done and I have a high regard for his ability as a Plumber.

It is a pleasure to deal with such a nice, decent, honest and trustworthy tradesman who takes a pride in his work, who strives for high standards and who gives value for money.
